

5350SE INTEGRATED AMPLIFIER

When it comes to excellence in design and performance, the Creek 53 series is truly superior in every respect.

The 5350SE integrated amplifier has styling to match its performance. You can sense the quality as soon as you look at it. The amplifier is supplied with the elegantly styled and simple to use ARC1 remote handset

Switch it on, and that is when the excitement really hits you. It's powerful, dynamic, yet it has a subtlety about it that is positively captivating. It has all the

features you would expect in an amplifier of this calibre - especially one bearing the Creek name. The ability to include an optional plug in phono stage further increases the flexibility of this remarkable amplifier.

Although the 5350SE was first released in 2000, it continues to be considered by the Creek engineering team to be so good, that there is no reason to change it. Of course they're not the only ones to hold that view! Winner of prestigious awards the world over, and with countless excellent reviews to its credit, don't miss the chance to find out just how good it is for yourself. Audition it as soon as you can.

SPECIFICATION

Power Output One Channel	95 Watts into 8 Ω
Power Output Both Channels	85 Watts into 8 Ω
Power Output (one channel into 4 Ω)	150 Watts into 4 Ω
Total Harmonic Distortion	< 0.05% 20 Hz to 20 kHz
Frequency Response	3 Hz to 25 kHz -1 dB
Slew Rate	> 50 V per μ S
Gain	x 50
Input Sensitivity Passive	525 mV line input
Pre-Amp Output Level	660 mV 5 k Ω
Signal to Noise Ratio	> 105 dB
Separation	> 55 dB at 1 kHz
Power Consumption at Idle	40 Watts
Power Consumption at Full Power	350 Watts
Plug-in MM, MC and Gain Stages	
MM sensitivity & Impedance	3.5 mV 47 k Ω
MC Sensitivity & Impedance	0.75 mV 1k Ω
MM Signal to Noise Ratio	> 70 dB
Plug in Gain Stage	+6dB
Weight	8 Kgs
Size	43 x 6 x 23 cm
